

## The Killer Application ... Fast & Easy FLX-Paint™ Two Tone Hood Wrap

**Wrap any hood with FLX-Paint for only \$230 in  
FLX-Paint material cost**

UltraMatte Grigio Grey FLX-Paint - perfect over silver

**Hood application is super fast &  
the easiest way to start using  
FLX-Paint**

**Many car dealers already doing  
full hood wraps with ppf**

**Why not add stunning color &  
FLX-Paint is easier to apply!**

This car is the number 1 selling car in its class. Ford dealers are looking for new, innovative, high demand products they can add to make more money on each sale

Tungsten FLX-Paint over factory Silver . A conservative application any dealer can sell

- PPF/Wrap Shop to Dealer price \$499, retail price \$650
- Wrap Install time = 30 minutes max!
- NO Impact to car's paint warranty
- Removable - and factory paint is perfectly protected
- Real paint - buff & wax after application  
(do not buff or wax matte colors)

The Next Step - create full body two tone  
FLX-Paint Wraps

**But we can paint the hood for \$499 - why use FLX-Paint?**

- Traditional paint is forever & a permanent modification to the car, voids the factory paint warranty & takes car off the lot for longer period

- Ready for a new color? Simply peel off FLX-Paint and apply new color

**Why hood-only two tone?** The trend that started out as a matte black or carbon fiber hood on sport compact cars has gone mainstream. It's a fast way to add color & extra value to any car
