

Starter car - a popular heritage muscle car with a Dale Earnhardt ground effects kit

This flawless wrap done by John Ritenour at Pleasant Details in Mt Pleasant, SC. pleasantdetails.com

Wrap in progress

Two tone typically takes about day and a half

Because FLX-Paint is made with paint, it can be buffed and waxed

This two tone design is very popular with Camaro owners. With FLX-Paint, it's fast, easy and has all the benefits of paint with none of the hassles

Flexible and stretchable, FLX-Paint can wrap just about any car made

FLX-Paint has a 5 Year Warranty

FLX-Paint is made using premium materials from *3M and *DuPont

FLX-Paint™ is a trademark of Applied Coatings International LLC.
*3M and the 3M logo are registered trademarks of the 3M company
*DuPont and the DuPont logo are registered trademarks of the DuPont company

Finished wrap - a perfect painted two tone done in a day and half that can be buffed and waxed and is removable, even years later, with the factory paint perfectly protected
