

Starter car - owner wanted Lamborghini Murcielago Giallo Evros (Yellow) with a satin finish but didn't want the commitment, down time or depreciation that comes from a body shop paint job

This flawless wrap done by Steve Carney, Carbon Wraps, Orlando, FL

Wrap in progress. Full wrap typically takes two days

*FLX-Paint is made with premium automotive paint, using materials from *DuPont and 3M*

Flexible and stretchable, FLX-Paint can wrap just about any car made

FLX-Paint is removable, even years later - and the factory paint is perfectly protected

FLX-Paint has a 5 Year Warranty

FLX-Paint™ is a trademark of Applied Coatings International LLC.
*3M and the 3M logo are registered trademarks of the 3M company
*DuPont and the DuPont logo are registered trademarks of the DuPont company

FLX-Paint can be ordered in just about any automotive color including limited and special edition colors

Finished wrap - a stunning satin paint job finish done in 2 days that is removable for about 1/2 the price of a quality body shop paint job
